INTEREST AND ENTHUSIASM MARK THE OPENING EXERCISES

MANY NEW COURSES OFFERED THIS YEAR

Rotary Club of Orlando Makes Gift to Business Department

The world today is demanding men of general education and culture with efficiency in business. These men must have not only knowledge of principles and theory, but training in office practice and methods. Rollins has adopted a policy and developed a department for meeting this demand for a highly efficient training in business administration based upon a general collegiate education. Such fundamental subjects as English, Economics, Mathematics, History and Sociology are consistently interwoven with and constitute a background for the technical subjects of Law, Accounting, Insurance, Banking, Salesmanship, Foreign Trade and Transportation along counting room practice.

Class contact with actual business is maintained by special lecture courses by active business men and bankers, also by the use of the "Problem" method whereby the students go out into actual commercial and industrial enterprises and put the class room theory to the practical test.

The increasing modern equipment made possible by the generous gift of the Orlando Rotary Club will soon make the department a great benefit to the state in furnishing industrial surveys, reports, etc., and by turning out students with the latest methods of efficiency in business administration and office practice.

New courses are also offered in citrus culture and grove management, under the direction of Dr. J. C. Th. Uphof, who has had many years of training in this work. These courses are considered a great asset to the college because of our location in the midst of the orange growing belt.

Football Schedule to Date

October 7 (today)—American Legion of Orlando, here.
October 14—U. of F., Orlando.
November 11—Southern, Lakeland.
November 30—Stetson, here.

Any Old Student—"I'd hate to be a fish and have to live in schools all my life."

Formal Opening of Rollins College Occurred on Thursday, September 28; Dean Sprague in Charge of Exercises; Addresses Appreciated by Large Audience Attending; Treasurer O'Neal Principal Speaker.

Genuine and wide spread interest and enthusiasm characterized the opening exercises of Rollins College which were held Thursday morning. For thirty-seven years Rollins College has done work on the shores of beautiful Lake Virginia and today marks the initial step of the institution upon its thirty-eighth year of educational work in the state. Rollins as the oldest institution of higher learning in Florida has as alumni and former students men and women who are prominent in all lines of work today, each of them as a testimony that the college is doing work of great value not only in Florida but in the nation at large.

The large college chapel, situated in Knowles Hall, was completely filled with students, members of the faculty and friends of the college and that spirit of co-operation and good fellowship that is significant of the brotherly feeling of persons interested in the success of the college was at its highest point of enthusiasm as shown by the addresses of welcome given by business men of prominance in this section of the state.

After devotional exercises in which the ministers of Winter Park participated, the long time friend and supporter of Rollins College, William R. O'Neal, treasurer of the college, a prominent business man of Orlando, gave a short address. In his well worded talk Mr. O'Neal was very optimistic over the prospects for the scholastic year. He said the opening prophesied of large things for Rollins. In continuing he stressed the point that all people interested in Rollins should keep in mind the sacrifices made by the people who have made Rollins possible, and in keeping this in mind he further said, every one should hold Rollins as a sacred thing. In closing he said: "the men who are behind Rollins have a firm basis for the hope that the institution is destined to be one of the greatest colleges of the Southland.

Following Mr. O'Neal's talk men representing the city of Winter Park, the Business Men's Club of Winter Park, and the Winter Park Board of Trade gave short addresses of welcome to the student body. Each of these talks was of the enthusiastic type, proving to all present that the business world of this section of the state is very much interested in the welfare of Rollins College.

President Sprague was in charge of the exercises held this morning, introducing each speaker with live remarks, which are characteristic of his speech. On account of the limited time the president's address was omitted from the morning's exercise. This address will be given at a later date.

Rollins College as usual has as its faculty a company of well-trained Christian men and women. The value of the small Christian College has always been a point stressed by College authorities, and so in arranging the faculty Rollins always picks men and women who are fully competent to do their work.

Theater

Frosh—"Give me two seats in L."
Ticket seller—"Say, this ain't Hades."

WANTED—A WATCHWORD

A word to express the dominating spirit of this semester.

I suggest COOPERATION.

Cooperation among the Faculty, and between the Faculty and Administration; Cooperation between the Faculty and the students; Cooperation among the students in their various activities; Cooperation between the college and the Town.

Cooperation gets us all ahead faster than we can go by ourselves.

Let Cooperation be the spirit of Rollins College for the next four months.

—*R. J. Sprague*

TARS SHOULD MAKE MARK THIS SEASON

Optimism Reigns Supreme in the Local Camp Over Prospects

Blue and Gold should be the predominant color when the football honors of state champion in inter-collegiate circles of Florida is awarded after the season closes, for if the Tars continue to improve as they have done in the first week of practice this year's squad will easily outclass the wonder team of '21. Coach Ashburn, who is a new comer on the campus is very confident that his protegees will make a mark for themselves this fall.

Coach hails from Texas and he had a very successful year last fall down in the Lone Star State where he was the mentor of the athletic endeavors of Baker College. Tar followers are well pleased with the manner which Coach Ashburn uses in training his men, and they believe a capable man is at the head of the Rollins athletic attempts this year.

Six letter men reported for the first practice held last week. These men—"Cotton" Thomas, "Big Ken Warner, Captain Rux Wolf, "Red" Silsby, Jack Teare and Charlie Ward—should form the nucleus for a winning combination. Rollins supporters will be pleased to learn that Colado is to return in a few days; the "little general" will no doubt be the commander of the Tar attempts this fall—folks say he was a wonder last fall.

The backfield of the Tar club will be an A-1 combination. "Cotton" and Jack are out for the backfield, and so is "Red" Silsby. These men, assisted by such persons as "Mickey" Baumberns, George Seeds, "Bing" Hoeflinger, "Bo" Kalbach and "Em" Emery should be able to get a wonder ground gaining squad together.

A beefy line is the prospect as the Sandspur goes to press, and then the wing positions will be the fastest in the state, if present conditions hold true.

Manager Wright is at the present hard at work getting the schedule in shape. Beside the games scheduled at the present date, games with Birmingham-Southern College, Howard College, Charleston College, Mississippi College and Mercer University are under consideration.

EVERYBODY OUT FOR THE FLORIDA GAME

The Sandspur

"STICK TO IT"

Established in 1894 with the following editorial:

"Unassuming yet mighty, shy and retiring, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its never tiring, existence is single conduct and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

WELCOME

Rollins College through the Rollins Sandspur bids you a hearty welcome to our campus. We hope that you will enjoy the fun that we have and also reap the benefits to be derived from the advantages that our school offers. We want you to feel at home among those students who have been here before, and to feel that you are one of our family. We all work together, play together, think together, and are in truth a big family. So while we are working let's work, and when playing let's play as never before. But, remember in all your playing—that you came to college to learn some of the experiences of life. Four years in the development stage is too much to waste. So let's all get together and make 1922-23 a WONDER-YEAR in every way for ROLLINS!

HOW ABOUT A LITTLE SUPPORT STETSON AND SOUTHERN?

Intercollegiate football usually opens in Florida with the annual game between the University of Florida and Rollins. This year the date is October 14. From many standpoints this game is going to be an epoch-making event, and it is the hope of the Sandspur that all football enthusiasts of the state will be there o see what it is confidently hoped will be a clean, snappy game. With all the odds against them, the Tars of 1921 upset Florida's hope. With many odds in their favor this year, the Rollins Tars hope to upset more of Florida's dope, and prove that the small college is not an inconsequential factor on the gridiron.

The University is recognized as Florida's great institution and proper respect is accorded the Gator record. But Rollins has a place in this state as have Stetson and Southern. Unfortunately, there is an element at the University which takes no cognizance of this fact. Stetson, Southern and Rollins intend that they shall.

Last year Stetson and Southern joined the cheering forces of Rollins and it was a great help to the fighting Tars. Inasmuch as Rollins is the only college in the state to play Florida, the Tars have a feeling that the Hatters and the Methodists will be on hand in large numbers next Saturday to witness the Gator-Tar scrap.

CO-OPERATE

Everyone heard the message of welcome Mayor Trent, of Winter Park, gave to all the students at the opening assembly, and this is the spirit of Winter Park toward the college students. They have always co-operated with us to put anything across, and we must do the same with them. Remember, students! Don't do anything that would lower the high opinion the townspeople hold of you. We are Winter Park-ites as well as Rollins-ites. So wherever you go BOOST FOR WINTER PARK—it is the best big little city in the country. Remember that!!!!!!

OUR TEAM

Did you know that OUR team plays the Orlando American Legion team this afternoon? Did you know that OUR team lost only one game all last season? If not, get your eyes open!!!! We have every prospect for a winning team this year, and with your help can add much more to these prospects. Do you want YOUR team to be a winning team?? Then gather all your noise and pep together to help them on the side lines—let them know that YOU are behind them! Be at EVERY game, and OUR team will know what they are fighting for, and will we win??? I'll say we WILL!!!!!!

Ka-Vilder-Vish!

Abe—"When did Moses sleep five in a bed?"

Ike—"When he slept with his forefathers."

K. E. GIRLS GIVE TEA DANCE AT COUNTRY CLUB IN HONOR OF RUSHEES

Complimenting their attractive rushees the Kappa Epsilon girls gave a most delightful tea dance at the Winter Park Country Club last Saturday afternoon from four till six. Mrs. J. K. List, the Kappa Epsilon Fraternity Mother, Miss Ida M. Barrett, the Dean of Women, and Mrs. Martha Fitzhugh of the faculty chaperoned.

The dancing was made especially enjoyable by the quality of music which was furnished by the well-known Orlando Country Club orchestra. Punch was served throughout the afternoon and later delicious sherbert and cake were served.

A number of guests from Orlando and Sanford attended this affair which was one of the smartest by a Greek-letter organization at Rollins.

CLOVERLEAF RECEPTION

The annual opening reception was held in the Cloverleaf parlors on Saturday, September 30th. Everyone was labeled as they came in and then indulged in a handshaking contest.

From the racket that came out the front door, it seemed that everybody was enjoying every minute of the evening, for they were beginning the year as a member of the large Rollins family. At the height of hilarity —"Ginny" Richardson was coaxed to play on the piano—and man alive! we did DANCE. "Judy" Jones made us step too!! Gee! But we're glad to have some real artists to help our terpsichorean art.

When everyone had become thoroughly enthused and slightly heated, someone—reckon Vera Becky Caldwell—said, "Punch and Cake outside!" Then was magic words, Oswald, and a mad rush ensued.

All we know is this—that there are some mighty keen boys and girls at Rollins this year, and we are going to show how to make the Rollins Spirit run HIGH.

NUPTIALS

The engagement of Miss Margaret A. Mulholland to Mr. Frederic H. Ward was announced at a very delightful tea given by Mrs. Lyman Mulholland and Mrs. George Dolive on Friday, September 29. Both Miss Mulholland and Mr. Ward are former Rollins students, Mr. Ward being captain of the State Champion baseball team of 1921, and also a member of Phi Alpha Fraternity.

The marriage will take place on the evening of October 18, 1922.

K. E. AT HOME AT MRS LIST'S

On Tuesday the twenty-sixth of September, the Kappa Epsilon Fraternity held a rushing party at the home of their Fraternity Mother, Mrs. J. K. List. All new girls and members of Greek-letter societies on the campus were present.

The new girls were presented in a long receiving line, so that they soon became acquainted with the Greeks on the Rollins campus, after which the evening was spent in dancing. Refreshments were served by the K. E. girls and the event was acclaimed a huge success by all.

Shake—Friend

"Well, old poker chip, how are you stacking tonight?"

"You'll find me there with the old clique tonight."

Making a Roll

Fat—"I wish I knew how to make some money."

Thin—"You might put on a suit of armor and hire out as a steam roller."

I'll Say

Prof—"Does this boy show any signs of breeding?"

Stude—"Yes—he's scratching his head continually."

—Punch Bowl.

A Faux Pas!

Bashful Man (to clerk)—"I should like to see some silk hosiery!"

More Bashful Clerk—"For your wife—or something better?"

—Punch Bowl.

Lord Chesterfield

Warner—"At last I have my nicotine degree."

Jones—"What's the nicotine degree?"

K. C. W.—"P. A."

Hard Work

Herrington—"I have a good job at Evans-Rex."

Palmer—"What do you do?"

Herrington—"Milk chocolates."

Van-Sinderen Sez

"I got my first education when my Dad used to take me across his knee. He made me smart."

Ed—"You sit down on every joke I write."

Chief—"I wouldn't if they had any point to them."

Sweet Alice has a motorboat,
It gives her many joys;
You often see her on the lake
Flirting with th ebuoys.

PHI ALPHA FUNNY FELLOWS FUNCTION SOON

Because of the unusual amount of latent talent among the pledges of Phi Alpha, these said pledges will perform for the hilarious benefit of the entire student body in the course of a week or so. It is impossible to keep such remarkable talent, so it must needs be thrus upon the outside world, the members of the fraternity having had their fill of the songs, witicisms, antics, etc. The members of this remarkable company are Jones, Johnston, Haines, Bridges and Herrington. Jones is a mean man with the sax, that is to say he plays a mean instrument. Johnston plays one of them there slide instruments called the trombone, but owing to his various social functions he has been absent from the last seventeen rehearsals. Haines has refused an offer to play with Pryor. The trouble is that he was the only man in tune the rest of the band being off the key. Bridges is a man of steel and is the grey matter, that is the cerebum of the organization. Last comes Herrington the infinitesimal and the indescribable, he is the bum, bum of the Postoffice quartet, so called because the members of it are all males.

The above combination should produce an evening's entertainment that will be worth the while of every student of Rollins to see and hear. Watch for further announcements concerning this stupendous theatrical.

FIRST INITIATION OF YEAR STAGED BY CLOVERLEAFITES

Thrills and fun! Thrills for the Freshies and fun for the upper-classmen. Why? Last Wednesday night was the first Cloverleaf house initiation, and the program was surely clever and witty. Not a single Freshie escaped. Each one did some assigned trick, or gave a speech on some very appropriate subject. And real talent along many lines was displayed by the new girls for not many of them failed in their work, although it was hard for some to remember to keep their feet together in the dignified position that they were obliged to assume at the outset of the exercises.

The last event was the most exciting and most painful for our new sisters; although it is said that a few of our dignified upper classmen hurt their hands on a book in one particular case.

But now that Cloverleaf has started the new year right, things couldn't be running better over here, as initiation is sure one way to get acquainted.

Night Watchman—"Who goes there?"

Prof.—"A professor and two friends."

Watchman—"What a professor with two friends! Enter.

Miss Slap—"And is your daughter convent bred?"

Irate Father (in receipt of bills)—"No—college loaf."

Miss Vera McGinnis announces her marriage to Mr. Blondy Garner of Sebring on September first. Miss McGinnis was a member of Phi Omega Sorority last year.

The marriage of Miss Marie Pelerin to Mr. Longerier was an event of Jacksonville this summer. Miss Pellerin is a former student of Rollins in '14, '15 and '16.

This college life is coming t o
A mighty pretty pass,
When a student has to study
Before he goes to class!

He—"How is Jack coming along at school?"

She—"Flunked first semester."

He—"How come?"

She—"He pulled a bone in front of the prof."

He—"And the second semester?"

She—"He passed easily; he pulled fifty bones in front of the prof."

"ORLANDO'S FAVORITE SHOPPING PLACE"

TAR SQUAD TO TACKLE ORLANDO LEGION TEAM THIS AFTERNOON

Today the local pigskin tossers are to hook up with the Orlando American Legion for what should be a pretty nifty scrap. The Orlando bunch boast of an A-1 squad, and although the local crew should have an easy time with them, yet a football classic is promised the local football fans.

Coach Ashburn will no doubt use his entire squad during the four quarters of today's fray, for that is a most excellent way of judging the relative merits of the individual players, so probably you will see your favorite in action this afternoon. No definite initial line-up can be given as the Sandspur goes to press.

ON THE HOP

Well, Gents, this is our initial bow to the public. We thank you.

Have you noticed our old friend "Red" Silsby punting the ball these days? To put it mild the old boy might be said to have a nasty toe.

"Mickey," who sometimes is called Bannobern, is a hard worker. Always fighting from start to finish. Who was that bird who said that the Buckeye state lads couldn't play football?

Boy, page Walter Camp, and have him come down and watch "Cotton" parade on the gridiron. Maybe the boy wouldn't make Camp take notice. Well, you can never tell.

Is the student body going to support the Tars when they tackle Florida? Well, I should say they are. A hundred per cent strong the Tars and Tarettes will go forth to Orlando to see the game next Saturday afternoon. Let's show the old "pep" gang. If any of you have played football you can realize the help enthusiastic support gives a player? Shall we help our boys out by showing a little college spirit that day?

Its not whether you win or not, its how you play the game, remember that, gang.

Let's give three cheers and a tiger for the team at this juncture. One, two, three.

Captain Rox Wulf is right there with the goods, isn't he? If the entire squad were as hard workers as Wulf, wouldn't the coach have a peach of a squad?

The way the citizens of Winter Park are showing their interest in the Tar squad is a point which is putting the "pep" in the team. The entire student body should appreciate this spirit.

Today the locals attack the American Legion team from Orlando. Even if it is a practice game why not come out and see your lunch in action? Do you realize that the Tar team is your team? If the Tars do anything this autumn it will be because you support them.

Prof. Podmore is a good sport isn't he? Out every day doing his best in helping Coach get his men in shape.

"Big Ken" Warner is a fighter from his heart. The old horse should make his mark this year.

We can guarantee you one thing this year—the quarters of the Florida game won't be over an hour long.

The kilot-in-chief of this paper orders us to quit so we'll have to say ta-ta for this spasm.

CAMPUS LIFE

Tau Lambda Delta Fraternity announces as pledges:

Mr. Homer Parker, of McMechen, W. Va., and Mr. Louis Carroll, of Pittsburgh, Pa. They also have the honor to announce Coach Ashburn as their faculty advisor.

Phi Alpha Fraternity announces as a pledge: Mr. Earl Russell Chandler, of Providence, R. I.

Phi Alpha Fraternity announces as pledges:

Mr. Francis Rhett Bridges, Jr., of Monticello, Fla.

Mr. Frank Holder Herrington, of Miami, Fla.

Mr. Walter Bailey Johnston, of Mineral Point, Wis.

Mr. Joe Scott Jones, of Bowling Green, Ky.

Mr. Edleigh Seeley, of Daytona Beach, Fla.

Mr. J. Harold Hill of the Class of '20 is now the President of the Sandspur Publishing Company.

Miss Ruth Waldron of the Class of '22 is teaching sight singing and piano in the High School of Hephzibah, Ga.

Mr. Alvord Stone of the Class of '22 is continuing his study at the Jefferson Medical School of Philadelphia.

I love to kiss the pretty miss,
Whose nose is retrousse,
For such a nose in any pose,
Is never in the way.

Too Bad—Too Bad

Frail Femme—"Are you a fraternity man?"

Stalwart Stude—"Yes, I'm a Zeke."

F. F.—"Do you know any of the boys at the Sigma Omega Lambda House?"

S. S.—"Never heard of it. Don't believe there is such a house on the campus."

F. F.—"Oh, but there must be, I heard some of the boys saying they were S. O. L."

—Punch Bowl.

START THIS SEASON RIGHT

Practice the College Yells, and be there with the crowd to cheer the Blue and Gold

University of Florida "Gators"

...vs...

ROLLINS College "TARS"

LET'S "TAR" AND FEATHER THE GATORS!

The Date: SATURDAY, OCTOBER 14, 1922

THE PLACE: ORLANDO FAIR GROUNDS

TODAY ENDS SIGMA PHI RUSHING WEEK

Rushing season is on and the old game of "Grab and Get" is on, too! Monday the Sig Phi's gave a "Farewell-to-the-House" party and everyone came. This immediately followed a pep meeting in the gym, so the party had pep-plus!

The moon shone in all its splendor as the sulphur water at Palm Springs when the Sigma Phi's took some fair mermaids for a moonlight dip—eats were forthcoming, and you might say that it was a wet party.

Wednesday night! Sniff! Sniff! Ye college whiff! Shure its fudge—and there was a Sigs Phi fudge shindig just around the corner. No one ate too much so let's hope for another.

Olivia Park! Gents! Road was kinda bum but who cares when you're on a truck with twenty-five others.

Eats, funny orchestra, funny dance hall, lake, tall trees, stars, boys, girls, and "Ma" Barrett.

PERFECT!!!! Fun??? You betcherboots! But, of course, everything had to end and "Ma" called us home.

Co—"My hair is a wreck."

Ed—"No wonder. You left the switches open."

SUNDAY INSPECTION

Boy, howdy! Did you see the way some of those girls and boys wanted to blossom out last Sunday? You'd have thought that Sears-Roebuck had a fire sale! And some even didn't want to go to church with a vest on. 'Stuff, gents, but you know how an old New England village is, and therefore you will all have to govern yourselves accordingly. Watch your step—and don't let anything like that happen again. You fellows with red hair had better not show yourselves on Sunday—nothing loud passes, and that's bright!

The marriage of Miss Agnes Dumas to Mr. Raymond Phillips in Sanford took place on September fifth. Mr. Phillips is a former student of Rollins and was a member of Phi Alpha fraternity. The honeymoon was spent in North Carolina.

Noisy Muffler

"That tire bursting made a terrific explosion."

"Yes; but it didn't last long enough. Tires should be made so that when they burst the noise will last long enough to drown my husband's remarks."—Topics of the Day Films.

Which Type of Research is of Greatest Value?

A stove burns too much coal. A man familiar with the principles of combustion and heat radiation makes experiments which indicate desirable changes in design. That is research.

You want to make a ruby in a factory, a real ruby, indistinguishable by any test from the natural stone. You begin by analyzing rubies chemically and physically. Then you make rubies just as nature did. Your rubies are the result of research—another type of research.

While melting up your chemicals and experimenting with high temperatures, you begin to wonder how hot the earth must have been millions of years ago, and what were the forces at play that made this planet what it is. Your investigation leads you far from rubies and causes you to formulate theories to explain how the earth, how the whole solar system was created. That would be research of a still different type.

Research of all three types is conducted in the laboratories of the General Electric Company. But it is the third type—pioneering into the unknown—that means most in the long run, even though undertaken with no practical benefit in view.

For example, the Research Laboratories of the General Electric Company are exploring matter with X-rays in order to discover not only how the atoms in different substances are arranged but how the atoms themselves are built up. The more you know about a substance, the more you can do with it. This work may enable scientists to answer more definitely the question: Why is iron magnetic? Then the electrical industry will take a greater step forward than can be made in a century of experimenting with existing electrical apparatus.

You can add wings and stories to an old house. But to build a new house, you must begin with the foundation.

General Electric Company
General Office Schenectady, N. Y.

Dead Place

Junior—"What can we do tonight?"

Frush—"We might go around to the cemetery and dig up a couple of girls."

Really!

Hostess—"Will you take Miss Jones Home?"

Stude—"Sorry, Ma'am, but I live in a dorm."

Movement Like An Elgin

Raza—"This is a unique watch. Is it an heirloom?"

Berries—"No, it is an Elgin."

Rollins-ites

Junk Dealer—"Any old clothes?"

Any Stude—"Naw, got plenty of them."

—Phoenix.

Ancient History

Prof. Hart—"Late again!"

Fresh—"Not a word, Prof.; so am I."

—Yale Record.

Watch It!!

He—"They say that people who live together grow to look alike."

She—"Then you must absolutely consider my refusal as final."

—New York Medley.

Mebbe So!

Parker—"Why is it that women want to be engaged to several men at once?"

Scott—"You know when you have only one match, it always goes out."

—Houston Post.

Eden So!

Eve (from bushes)—Adam, dear, close your eyes so that I may come home."

Adam—"What's the matter my own?"

Eve—"I've been A. W. O. L."

—Dirge.

Hit 'Im a Natural

Mrs. Murphy—"And shure, Mrs. Masey, Pat must be married. For didn't I hear him say last night to wan av the boys, 'Baby needs a new pair of shoes.'"

—Froth.

Foothall

Silsby (after first scrimmage)—"Who kicked me?"

Coach Ashburn—"It's all right, it was a foul."

Red—"Foul, nothing, it must have been a mule."

Oh, Splawsh!

She—"How was the swimming practice?"

He—"Fine, a lot of good men were uncovered."

—Lord Jeff.

Turn Out the Guard

Mary used to roll her eye,
And life was very quiet;
Mary rolls her stockings now
And perpetrates a riot.

—Ex.

Shake!

Joyce—"A Ford and a flapper are a good bit alike."

Imogene—"How's that?"

Joyce—"You can have a blamed good time with both, and hate like the deuce to be seen with either."

Graduate Ingram Says

That cross-eyed girl may be virtuous, but she doesn't look straight.

Then Die, Dog!

I've lived.
I've loved.
I've smoked Chesterfields.
I'm satisfied.

Antidote for Flappers

(To be applied in strict doses)—Shake well and make vigorous local application of the slipper.

—Virginia Reel.

Oh, Frosh—

Wolf—"That frosh is like a canoe."

Johnson—"Graceful lines?"

Wolf—"No—used to the paddle."

Niagra

She—"How do these movie stars cry as they do?"

He—"Perhaps they have cataracts in their eyes."

Tush!! Algernon!

"Oh, deah, Horace; have you seen wheah skirts will be longer this yeah?"

Dran—"No, where will they?"

A Skin You Love To Touch

"Don't you think Maybelle has a complexion like a peach?"

"Yes—And I notice she has fuzz on her upperlip, too."

Gold Dipper

He—Darling, I've lost all my money."

She—"How careless of you. Next thing you know you'll be losing me."

Barnum and Bailey

The Fat Girl sat on the Strong Man's knee
And alas! It was a blunder.
He travels with the circus yet—
He's now the legless wonder.

I'll Swar

He—"May I hold your hand?"

She—"Of course not. This isn't Palm Sunday."

He—"Well, it isn't Independence Day either."

Falling

"What's the matter with the Dean's eyes?"

"Nothing as far as I know. Why?"

"Well—I had to go and see him in his office yesterday, and he asked me twice where my hat was and it was on my head all the time."

We extend to you—

"The Glad Hand"

and hope your stay here will be pleasant and instructive.

We are in business to supply milady's needs in Dress Goods, Millinery, Ready-to-wear and Notions, and we are prepared also to furnish the student with Pennants, Pillows, Arm Bands and engraved Rollins stationery
